## NG816 Cleaning Fluid

**NG816 Cleaning Fluid** is a blend of traditional chlorinated solvents with narrow cut hydrocarbons. The chlorinated solvents provide high cleaning power, while the hydrocarbons increase the T.V.L. of the blend and eliminates the risk of dye removal. The economical formula is fast drying, does not contain any ozone depleting substances and is non flammable. NG816 can remove virtually all oil based stains from all types of textiles and fabrics without leaving a residue. Ventilation is recommended.

- Economical
- Non Flammable
- Fast drying
- Leaves no stains or rings
- Removes tar, fresh paint, grease, and oil stains from upholstery, fabrics, and clothing

### IDEAL FOR USE IN THESE INDUSTRIES:

**GARMENT / BEDDING / EMBROIDERY / FURNITURE  
SCREEN PRINTING / UPHOLSTERY / AUTOMOTIVE**

### Technical Information:

- Meets all USA manufacturing, regulatory, and shipping standards
- Material Data Safety Sheet available
- International Medical Emergency Number 011-813-248-0585
- Packaging Size: 1 gallon, 4 gallons per case
- Shipping Weight: 28 lbs.

Made in the USA
