Please note this is a color reference and should be used for guidance purposes only.

\*All colors in this card can be ordered both in twisted and monocord filament threads. The monocord construction gives shades a special sheen. We recommend pretesting to determine if colorfastness, color matching and finish application are suitable for your proposed use. This color selection is for all continuous filament threads except Sylko and Alcazar. Please refer to your stock availability listing for colorline items by size, or contact your sales representative for order assistance.
